Meeting Date: 26th November 2012
Report Title: Active Research Studies 1st April – 30 September 2012

Purpose: To advise the BoD on the status on all research studies currently underway.

Summary:
This report contains details of studies which are still open to recruitment, their predicted recruitment and the recruitment they have obtained up to the 30th September 2012 – the total recruitment figures for this report was obtained from data collected 1 October 2012.

Financial Implications / Efficiency Savings / Quality Improvement:
The recruitment provided by the studies which have been adopted on to the National Institute for Health Research (NIHR) portfolio database form part of the consultation process when the Comprehensive Local Research Network(CLRN) set our yearly funding allocation.

Risk Assessment (cross-reference with Risk Register where appropriate):

Strategic / External	Operational/ Organisational	Financial	Clinical	Legal/ Regulatory	Reputational / Patient Experience
