Meeting Date: 28 November 2017

Report Title: Register of Governors' Interests – Quarterly Review

### Purpose:

To review the 'Register of Governors' Interests'. Updates are '**in bold**'.

### Summary:

The Trust is required to maintain a 'Register of Interests of the Governors' Council' by Schedule 7 of the NHS Act 2006, which deals with the constitutional arrangements for Public Benefit Corporations. The QEH's FT constitution covers this legal requirement in paragraph 20. The QEH's current Register of Interests of members of the Governors' Council is set out at Appendix 1. The register covers those interests declared by Governors through completion of the Trust's 'Declaration of Interests' proforma.

Schedule 7 of the NHS Act 2006, also requires that the Trust's constitution "must make provision for dealing with conflicts of interest of members of the board of governors". The Trust's constitution and standing orders make the following provisions:

### CONSTITUTION

#### 16 Governors' Council - conflicts of interest of governors

**16.1** If a governor has a pecuniary, personal or family interest, whether that interest is actual or potential and whether that interest is direct or indirect, in any proposed contract or other matter which is under consideration or is to be considered by the Governors' Council, the governor shall disclose that interest to the members of the Governors' Council as soon as he becomes aware of it.

**16.2** The Standing Orders for the Governors' Council shall make provision for the disclosure of interests and arrangements for the exclusion of a governor declaring any interest from any discussion or consideration of the matter in respect of which an interest has been disclosed.

### STANDING ORDERS

The Standing Orders for the Governors' Council set out in detail the provisions relating to the Governors' declarations of Interest. The following key points are covered:

- At the time Governors' interests are declared, they should be recorded in the Governors' Council minutes.
- Any changes in interests should be declared at the next Governors' Council meeting following the change occurring and recorded in the minutes of that meeting
- Governors' directorships of companies likely or possibly seeking to do business with the NHS should be published in the Trust's annual report and in the register of Governors' interests. The information should be kept up to date for inclusion in the register and succeeding annual reports.
- During the course of a Governors' Council meeting, if a conflict of interest is established, the Governor concerned should withdraw from the meeting and play no part in the relevant discussion or decision.
- The Secretary to the Trust will ensure that a Register of Interests is established to record formally declarations of interests of Governors.
- These details will be kept up to date by means of a quarterly review of the Register in which any changes to interests declared during the preceding three months will be incorporated.
- The Register will be available to the public and the Secretary will take reasonable steps to bring the existence of the Register to the attention of local residents and to publicise arrangements for viewing it.

#### **Policy into Practice – what happens at and between Governors' Council meetings?**

- The Register of Interests of the Members of the Governors' Council will be reviewed by the Governors' Council every quarter.
- Governors' are asked to notify the secretary between Governors' Council meetings, should an amendment/addition to the Register of Interests be needed.
- The Chair will ask for any interests to be declared at the beginning of every meeting. At this point on the agenda, the Secretary will update the Governors' Council in respect of any changes to the Register since the previous meeting. Interests in business on the agenda and not previously declared, should also be declared by Governors at this point in the meeting.
- During the course of a meeting, a Governor should immediately declare any interest, which arises.
- The Chair will ask a Governor to leave a meeting of the Governors' Council during discussion and/or voting on any business in which a Governor has declared an interest.

Governors will note that the same provisions are in place in respect of the Register of Interests of the Board of Directors.

#### **Recommendations:**

It is recommended that the Governors' Council:

- (i) Notes the provisions for the declaration of interests contained both within this report and in the Trust's Constitution & Standing Orders for the Governors' Council
- (ii) Reviews and updates the latest version of the Register of Interests of members of the Governors' Council, as necessary

## Register of Governors' Interests
